Hi Stergios –

I can't do 10. I'll try you around noon. We haven't received the intent to sue letter, but got the following courtesy email.

From: Bradley Campbell <bcampbell@clf.org>
Date: July 31, 2018 at 10:49:37 PM GMT+2
To: Alexandra Dunn <dunn.alexandra@epa.gov>
Subject: No surprises notice

I want to let you know that on Thursday CLF will announce and serve a notice-of-intent-to-sue letter for Clean Water Act violations at the Powder Mill Fish Hatchery on the Merrymeeting River in New Durham, New Hampshire. Notices to state officials will be given tomorrow but I think the notice is largely expected at this point.

My understanding is that your staff also has had concerns about phosphorous discharges from the facility leading to violations of water quality standards, and has met with the hatchery's managers, but those concerns may not have risen to your level.

Please feel free to call me anytime with any questions or concerns.

Brad

Subject: PMFH

Importance: High

Hi Damien,

I got your message and sent a meeting invite to you through Outlook. I can call you as soon as I'm out of my 9 am meeting with brass. That should be at 10. I'll call your office number 617-918-1586. Send me the CLF Intent letter.

Thanks & talk to you soon. ~Stergios
